

Art Track is gearing up to be busy this year. Favored panels are returning along with some new stuff as we work to encompass the huge arena that is Art. Returning favorites are leather working, taxidermy and digital panels. New this year will be Gundam model building, Breyer/model horse customizing and model horse tack creation to name a few. My goal as always is to show that there is more to art than just drawing and painting and that everyone has a little artist in them.

For the volunteers of MFM this year to fit with our theme will be grab bags of goodies. The more hours a person gives towards helping better the convention experience and assisting our staff the better their goodies will be. The volunteer with the most hours this year will get a train themed Pocket watch.

In our 20th year of MFM we are proud to offer Jeff Goode's Radio Play Production of "Fursona Non Grata. (Furry Not Welcomed)". We will be holding auditions for the show with casting any open roles. The play is about a professional who has a girlfriend with a secret, A secret he is brought into like jumping into quicksand and is soon is up to his neck with an unexpected experience.

All this plus many many many more hours of entertainment, panels, dances and enjoying each other's company.

**ALL  
ABOARD!!!!**

**Come celebrate  
our 20<sup>th</sup> year of  
the pizza party  
that went wrong.**

**Meet our Guest  
Conductor of  
Honor, Noxy!**
